WHERE ACTIVISM GETS INSPIRED

The Chesapeake Bay watershed is massive, spanning 64k square miles. It's home to over 18 million people who each crave a connection to the outdoors. They find that connection through activities such as gardening, hiking, kayaking, biking, running, fishing, wildlife viewing, photography, and art; the possibilities are almost endless.

Here at the Alliance, we cherish these connections. It's why so many of us across the watershed show up day after day with a passion for clean lands and waters.

Since 2019, the Alliance has united and inspired over 3,400 attendees across Maryland, Pennsylvania, Virginia, and Washington, DC with an incredible collection of films hand-picked by our staff.

With award-winning films about nature, outdoor recreation, community activism, adventure, conservation, water, energy, climate change, wildlife, environmental justice, agriculture, and indigenous cultures, the festival is a natural extension of the Alliance's mission to improve the lands and waters of the Chesapeake Bay watershed.

FESTIVAL SUCCESS AND POTENTIAL

- Our 2024 and 2025 ticket sales showed a **59% increase** over the previous five years. Our audience is growing, and they enjoy WSFF!
- Our 2026 venue capacity offers the potential to engage **1,222 audience members in person and an unlimited number virtually!**
- 59% of WSFF ticket holders have been new audience members. **WSFF has consistently attracted new audience members to our brand and our sponsors.**

As a writer, I'm mesmerized by the power of art and storytelling. Events like Wild and Scenic are tributaries for conservation newcomers, carrying them downstream to deeper connections with the natural world and into confluences with others. It's wonderful sitting in a theater and watching these films surrounded by hundreds of like-minded community members. I leave in awe, knowing our community is going to be a better place tomorrow, thanks to the education and passion we take in as attendees. "

TWO BRANDS WITH ONE GOAL

We're seeking a passionate partner who's eager to help more people connect with nature and create a captivating experience presented by our two brands.

Our ideal presenting sponsor shares the Alliance's dedication to clean water and our vision to create an accessible event for our Chesapeake communities.

WSFF is an essential part of our mission at the Alliance, and we're excited for the opportunity to **pave the way forward alongside a like-minded partner.**

PARTNER WITH THE TEAM THAT PARTNERS WITH CLEAN WATER!

- In 2023 and 2024, our team planted over 360K trees, creating 1,217 acres of new forests across the Chesapeake Bay watershed.
- Alliance staff established 221 projects on local farms in 2023 and 2024, reducing pollution before it reaches our streams and downstream neighbors.
- In 2024, our team of monitoring volunteers gathered and tracked water quality data at 1,299 sites, driving critical decision-making for our work.
- Our staff rallied over 6,000 volunteers in 2023 and 2024, empowering all who live, work, and play in our Chesapeake communities to take action through trash cleanups, tree plantings, education, and forums.

ACTION-ORIENTED IMPACT FOR OUR FORESTS, FOR OUR STREAMS, FOR OUR FUTURE

Our team works tirelessly to bring much-needed solutions across the Chesapeake Bay watershed. We're proud of our impact, and we would love to share it with you! Travel around the watershed to learn more about four of our recent projects in our **2025 Impact Video** or browse our **Annual Report** to get a glimpse of our exciting progress.

The moving picture, especially when combined with the right music and sound design, has a way of moving people unlike any other storytelling medium. As a professional who makes a living creating content and an avid outdoorsman who cares deeply about the health of our environment, it's important to me that festivals like Wild and Scenic continue to reach and transform the hearts and minds of attendees. One of my favorite things about the Alliance is that our work is truly unique and it's making a BIG difference. Combine that with the most passionate team that I've ever met, and throw in the grit that comes with 55 years of history working in our watershed. What you have is one heck of an opportunity for good storytelling.

I have the pleasure of continuously working alongside our staff to capture and tell these stories with authenticity and enthusiasm. My team and I are thrilled to chat with you to learn about your goals and determine what a successful relationship looks like for our brands.

I hope I have the opportunity to stand in a crowded theater alongside you this April!
