CHESAPEAKE COLLECTIVE

Chesapeake Collective is a creative platform for a range of voices to express their vision for a healthy bay watershed. While the Collective certainly does not include all of the voices that make our watershed whole, its projects provide a platform to elevate our many perspectives.

**Titles with an asterisk indicate that you can find the project at the Chesapeake Collective table. The table will be in the Confluence Center on Friday morning and in the Headwaters Lodge for the rest of the Forum.*

Belonging, Outdoors
